Warranty & Service Policy

North American Tools LLC, hereby Warrants all Generators, Compressors, and Pumps against any and all defects in material or workmanship for **ONE YEAR (12 Months)** from the date of purchase from a North American Tools LLC representative.

Commercial use of units as well as pressure washer pumps are warranted against any and all defects in material or workmanship for 90 days from the date of purchase from a North American Tools LLC representative. North American Tools LLC agrees to repair such units without charge to the original owner within this time period. All defective parts must be sent to the factory and the freight charges to and from the factory are the responsibility of the customer. Warranty is void if the equipment is altered in any way. You must take your North American Tools LLC equipment, along with your warranty registration, and proof of the original purchase date, at your expense, to North American Tools LLC Service Center. This warranty does not cover replacement of expendable maintenance items made in connection with required maintenance services such as spark plugs and filters. North American Tools LLC disclaims any responsibility for incidental or commercial loss due to the failure of the equipment. *Equipment for rental companies is covered for 30 days **All open box demo sales parts only.
